History and Theory of Translation, Translation Practica in the Major, Discourse Domains: Business, Medical, Legal, Technical, Literary, and Localization & Translation Technologies

About the Program
The program requires either 30 hours of graduate course work (10 courses) or 24 hours of graduate course work (8 courses) plus a master’s thesis (6 credit hours). With the approval of the department, 3 hours of electives in related areas may be taken as part of the 24-30 hours.

Early Entry Program
Exceptional undergraduate students may apply for and be accepted into the Master of Arts in Spanish and begin work toward a graduate degree before completion of the baccalaureate degree. Up to 12 credit hours of graduate work may be “double counted” toward both the baccalaureate and graduate degrees.

Post-Baccalaureate
You may enroll in graduate-level courses in Spanish without applying formally for admission to the M.A. degree program. Up to 6 hours of post-baccalaureate course credit may later be transferred as credit toward your M.A. in Spanish if you decide to apply for formal admission to the M.A. in Spanish degree program.

Graduate Fellowship
After graduation, several of our graduates continue on to become graduate fellows. The Graduate Fellowship is a one-year, non-renewable, postgraduate appointment open to recent graduates of the M.A. in Spanish. Fellows teach 12 credit hours per semester, which allows them the opportunity to gain fulltime teaching experience. Participants have the opportunity to fully take part in the department’s academic life, including faculty development programs, funding for regional conferences and mentoring by senior colleagues.
